How do you know whether you're covered by law

The law affecting businesses may seem daunting, and some sectors are much more heavily regulated than others. However, it is your responsibility to ensure that you research which laws apply to your specific business venture.

This guide gathers together the In-depth Guides that may not fit neatly into the areas of Trading Standards law covered by the other Quick Guides.

For more detailed information please see the In-depth Guides below. Once you've finished, make sure you look at the full range of Quick Guides to see whether there are any other areas of law that affect your business.

Before you start

Make sure you choose your location using the drop-down list at the top of the page. The In-depth Guides provide country-specific information as some laws are different in England, Scotland and Wales, and some are enforced differently.
